

## Parking Guidance Indicator Light

### Introduction

Parking Guidance Indicator Light is used to indicate the application of parking spaces in parking lot. Parking lights receive information from the parking camera. According to parking spaces detection results, the camera controls the corresponding colors of the parking light. Green indicates available parking spaces, and red indicates no available spaces. Six colors are supported.

### Key Feature

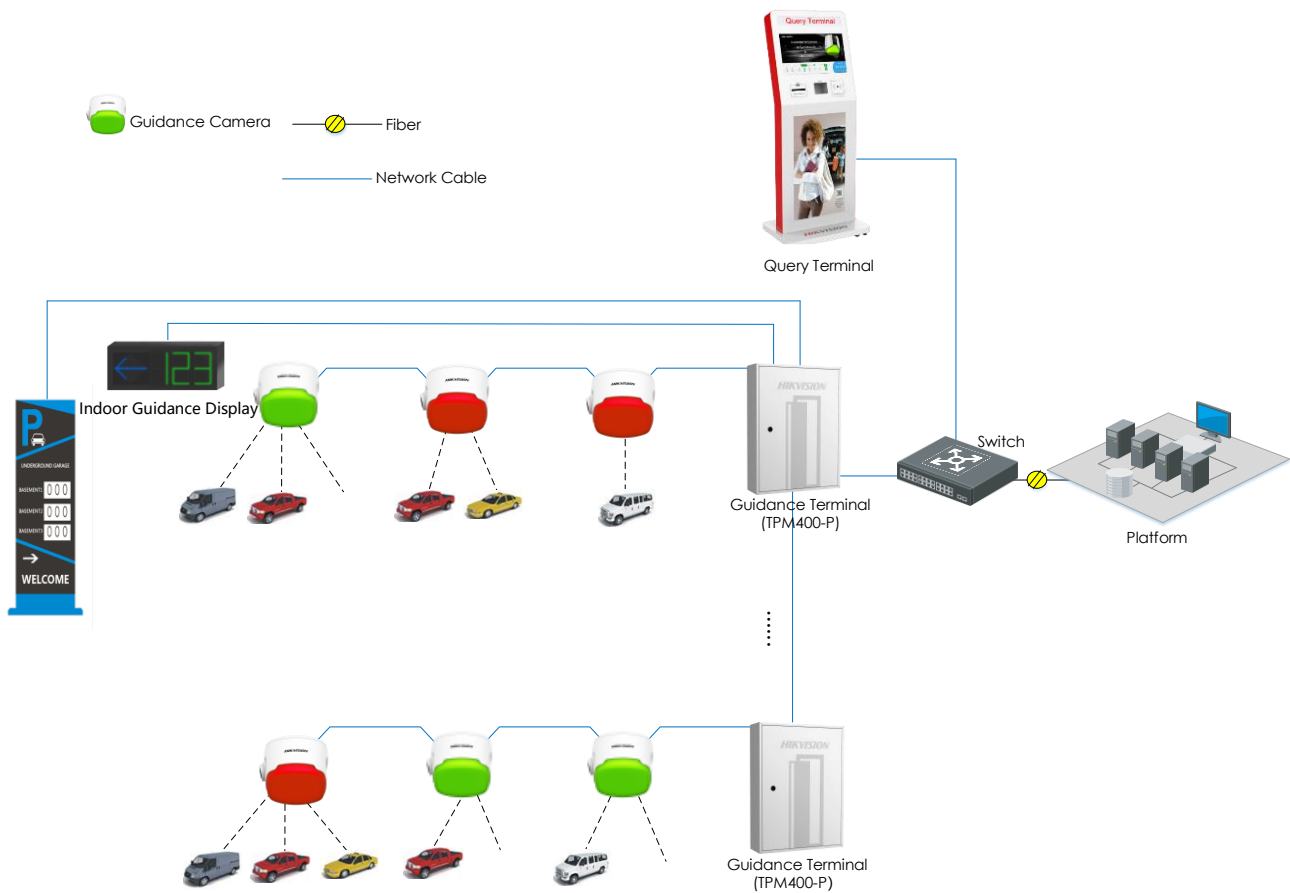

- Supports 6 colors of red, green, yellow, blue, magenta and cyan.
- Energy saving LED light with high brightness and low power consumption.
